## SCHOOL FACILITIES, PROPOSITION 39 AND STATE ENERGY GOALS: STRENGTHENING LINKAGES AND FUNDING

Schools must figure out the best ways to make limited dollars work to meet energy and water efficiency requirements and find new sources of funding.

The School Energy Coalition (SEC) is helping districts meet this challenge.

The California Energy Commission will be on hand to present the latest information.

Public school district members will present school case studies to help attendees learn more about how to get the most out of state programs and successfully navigate the accountability and audit processes.

Our panels of experts in the field will share how to avoid pitfalls as decisions are made on how best to meet state mandates and goals.

Attendees will leave better prepared to find solutions and ways to move forward with energy and water efficiencies, conservation and generation.

SEC Forums will provide important feedback on future advocacy to extend Proposition 39 and Zero Net Energy (ZNE) for school facilities.

Be part of the discussion and register today!

### Topics to Include:

- Proposition 39 Budget and Program Updates
- District Case Studies in Energy
- State Water Regulations: School Impacts
- Rate and Rebate Information
- Legislative Actions and Advocacy
- Costs Associated with State Energy Actions
- Zero Net Energy

### Logistics:

Registration begins at 8:30 a.m.

Forums will be held from 9:00 a.m. to 3:00 p.m.

*Continental breakfast and lunch are included.*

### **May 18, 2017**

10620 Treena Street | San Diego 92131

### **May 23, 2017**

921 11th Street, Third Floor | Sacramento 95814

**Register today** to learn about the range of options that are available for managing energy and water concerns while saving your district money.
