

School Energy Coalition Spring Statewide Legislative Summit

New Additions This Year!

We will continue to hear from State Agency representatives to ensure that LEA's are getting the latest and best information straight from those who are administering the Prop 39 program – this is the backbone of our Summit. In addition, we will be visiting with key legislators and influencers and discussing future funding beyond the present Proposition 39 program.

We will make our case by sharing the successes and accomplishments we have achieved on school sites throughout California.

To prepare, we will begin our Summit with a working Networking Dinner to brainstorm and share with our colleagues the key points we will be making and key questions to ask Summit presenters the next morning. It is imperative that we communicate the school facility energy needs of LEAs throughout California to our Summit meeting day State Agency presenters.

In the afternoon, we will visit the State Capitol to discuss energy and water issues with representatives of the State Legislature on energy issues and relay critical feedback on our request to continue funding under the Clean Energy Jobs Creation Fund for energy efficiency upgrades, renewable generation and battery storage and Zero Net Energy (ZNE) school facilities.

In addition to hearing from State Agencies, public school district members will present school case studies to help attendees learn more about how to get the most out of state programs and successfully navigate the accountability and audit processes.

Don't miss this event!

The School Energy Coalition (SEC) is an advocacy organization focused on best practices for K-14 school projects to save energy and general fund dollars. SEC led the fight to ensure Proposition 39 funding was focused on K-14 school energy efficiency/renewable projects, and in 2017 successfully advocated for the continuation of the program, and continues to represent schools statewide in discussions on energy and water conservation, infrastructure, as well as Green Building Codes and Title 24.

Topics to Include:

- Proposition 39 Budget and Program Updates
- District Case Studies in Energy
- State Water Regulations: School Impacts
- Utility Rate and Rebate Information
- Legislative Actions and Advocacy for 2018
- Building Costs Associated with State Energy Actions
- Zero Net Energy

Logistics:

Continental breakfast and lunch are included.

March 20, 2018

6:00 p.m. Networking Dinner in Downtown Sacramento

March 21, 2018

8:00 a.m. Registration and Continental Breakfast

8:30 a.m. Summit with presentations from State Agencies

1:00 p.m. Working Lunch

2:00 p.m. Meeting at the State Capitol to hear from Legislators and Staff

Hotel Accommodations: Make your hotel reservations today! We have reserved a small block of rooms at the Sheraton Grand in Sacramento at the rate of \$185 per night. Call 1.800.325.3535 and identify as a SEC Summit participant. If you need assistance, please email Aileen at adalen@m-w-h.com.

Early Summit registration will enable us to focus the meeting at the State Capitol with your Representative. Educating our Legislature is of paramount importance.
